ORE del PRGI: ARCH. PIERGIORGIO MUSSO

An aerial photograph of a rural area. The top portion shows a dense forest with a mix of dark and light green trees. Below the forest, there is a small cluster of buildings, likely a town or village. Further down, the landscape consists of numerous rectangular agricultural fields, some of which appear to be planted with crops while others are fallow. The fields are separated by a network of dirt roads and small streams.

An aerial photograph of a coastal town, likely a fishing port, situated on a narrow strip of land between the sea and a range of hills. The town features a dense cluster of buildings near the water's edge, with a harbor area containing several boats. A road runs along the coast, leading inland through a mix of agricultural fields and patches of greenery. The surrounding terrain is a mix of cultivated land and natural vegetation, with hills rising in the background.

An aerial photograph showing a small town with a cluster of buildings and a winding road. The town is situated in a valley, surrounded by green hills and fields. The surrounding land is divided into various agricultural plots.

An aerial photograph showing a dense forest with various shades of green and brown. A small, light-colored clearing is visible in the center-left. A narrow, winding road or path cuts through the forest from the bottom right towards the center. The surrounding terrain appears to be a mix of forest and possibly some agricultural fields or pastures.

An aerial photograph of a city, likely Bremen, showing a dense urban area with a grid-like street pattern. The city is surrounded by agricultural fields and water bodies, including the Weser River and its tributaries. The image captures the transition from the built-up urban environment to the rural landscape.

An aerial photograph capturing a landscape dominated by agricultural fields in various shades of brown and green. A winding river or stream cuts through the center-left of the frame, its banks lined with dense vegetation. In the lower-left quadrant, a small town is visible, featuring clusters of buildings and a prominent red-roofed church. The surrounding land is divided into numerous rectangular plots, some with crops and others appearing fallow.

An aerial photograph capturing a patchwork of agricultural fields in shades of green and brown. A winding river cuts through the center of the image, its banks lined with trees and some buildings. In the bottom right corner, a small cluster of houses and streets is visible, representing a rural community.

An aerial photograph capturing a rural landscape. In the upper portion of the image, a river winds its way through the terrain, with several small bridges crossing it. The surrounding land is divided into numerous rectangular agricultural plots of varying sizes, some appearing to be planted in crops while others are fallow. A few clusters of buildings, likely farmhouses or small towns, are scattered across the fields. The overall scene is a mix of natural water bodies and human-made agricultural structures.

An aerial photograph of a rural landscape. The area is characterized by numerous agricultural fields of various sizes and colors, primarily green and brown. A network of roads and paths cuts through the fields. In the upper portion of the image, there is a cluster of buildings, likely a small town or village, surrounded by fields. The overall scene is a mix of natural land use and human-made infrastructure.

An aerial photograph of a rural landscape. The area is divided into numerous rectangular agricultural fields of varying sizes, some appearing green and others brown or fallow. A network of roads and paths cuts through the fields, with one prominent diagonal road running from the bottom left towards the top right. Small clusters of trees and buildings are scattered throughout the fields.

卷之三

This map displays a detailed cadastral plan of a rural landscape. The central area is a dense cluster of land parcels, each outlined with a thin black line and filled with a unique pattern. These patterns include various shades of green, brown, and grey, as well as some solid colors like red, blue, and purple. Superimposed on these parcels are numerous thin, winding lines representing roads and paths. Several larger, irregularly shaped areas are colored in light blue and light green, likely representing water bodies or specific agricultural zones. The map is framed by a large, light brown area representing unparceled land or forest. Surrounding this main area are several labeled communes, each with its name written vertically along its boundary. From top to bottom, the communes are: COMUNE DI STRAMBINO, COMUNE DI STRAMBINO, COMUNE DI IVREA, ALBANO DIVREA, COMUNE DI AZEGLIO, SETTIMO ROTTARO, COMUNE DI BORGOMASINO, COSSANO CANAVÈSE, and COMUNE DI VESTIGNE. The overall map is a complex mix of geometric and organic shapes, illustrating the intricate nature of rural property boundaries.
